Dear Sir:

I am in receipt of your letter of Oct. 1st telling me of an informal hearing to be held in regards to a former employee of mine, who is claiming an injury to his right eye.

I called the team doctor, Dr. Walter T. Darden, and he told me he had not treated George Alston for any eye trouble. I then called Dr. J. Bruce Massey, who had treated Alston on another occasion, and he told me he had also treated him for trouble with his eyes.

In view of these facts, I assume Dr Massey could give any information you might want. Alston told me some time ago, that something had blown into his eye when he was driving the bus to a ball game.

I sent your office a form on June 14th, reporting the fact that Alston had twisted his ankle stepping from the bus on June 5th in Salisbury Md.

I hope this is the information you requested. If I can be of any futhur help, please get in touch with me.

Yours Truly
